

# Adjustable Beam Flashlight

## 2 AA

Flashlight

# 275 Lumens

- 2.75 hrs run-time
- Momentary or constant-on
- Aircraft-grade 6061-T6 aluminum housing
- 2 AA batteries (included)

The NSP-430 Adjustable Beam Flashlight uses an LED rated at 275 lumens that works in conjunction with a TIR lens to create a usable beam distance of 109 meters. This compact flashlight features both momentary or, constant-on functionality and has a rotating bezel ring that allows the user to adjust the focus of the beam. The housing and tail-cap are made from aircraft-grade 6061-T6 aluminum and have a Type III hard anodized finish. 2 AA batteries (included).
