

# MICRO Holster

Slim holster for rescue scissors or labelling ribbons

- ✓ variable: mounting also upside-down
- ✓ firm hold: thanks to variable hook-and-loop fasteners
- ✓ cut protection: stiffened bottom of pocket

MICRO Holster: rear with hook-and-loop straps

MICRO Holster: use case

MICRO Holster: front

## Description

Holster designed for storage of rescue scissors, rescue knife or labelling ribbons.

Two retaining straps with carabiner protect equipment against loss. Two exterior elastic loops which can hold wooden wedges complete this holster.

Holding straps with hook-and-loop fasteners allow for attachment to KOMBI Rope Bag or to shoulder belt of a SCBA.

Also mounted upside down: rescue scissors etc. can slide out of the holster, thanks to fastening with elastic straps

Marking area at interior of cover flap allows for permanent labeling. The 50 mm wide reflective stripe provides additional safety.

## Features:

- 2 elastic loops (5 x 3cm) for wooden wedges
- variable hook-and-loop fastener allows for mounting to shoulder carrying strap etc.

- 2 elastics retaining-straps (approx. 40cm) with carabiner

## Scope of delivery

Holster, two retaining straps with carabiner; without further or pictured supplies
