

# RAGBAG Clothing Bag

More space for even more equipment!

- ✓ splendid: large main compartment for complete protective clothing
- ✓ loadable: slide bars at bottom and elastic cord on top
- ✓ comfortable: full-featured and padded backpack-carrying-system

stowable, full-featured  
backpack-carrying-system

Garment bag with hygienically  
separated boot compartment

Capacity of approx. 90 liters and additional stowing space  
thanks to elastic strap on top of bag

## Description

The RAGBAG is tailored to your needs, when you have to take your complete protective clothing with you. Spacious, padded main compartment (capacity: approx. 90 liters). Two inlying net pockets ensure for better overview. Boots can be stowed in hygienically separated boot-compartment, that also allows for storage of wet or used clothing separated from fresh clothes.

Further equipment such as writing case etc. can be stowed in exterior compartment. Small front pocket provides space for storage of small items such as charge cable for mobile, wallet etc.

For comfortable carrying bag is equipped with ergonomic carrying handle. For even more comfort, RAGBAG can be carried as a backpack due to stow able, ergonomic backpack carrying-system. Siding bars at bottom allow for putting it down even on dirty surfaces.

### Features:

- main compartment (90 liters) with 2 inlying net pockets
- hygienically separated boot compartment

- organizer-compartment (H x W: 30 x 25 cm)
- exterior compartment (60 x 35 cm)
- plastic pocket (9 x 6 cm) for labelling
- elastic string on the top to stow a jacket or similar item
- ergonomic carrying handle and slide bars at bottom
- full-featured and stow able backpack-carrying-system
- hook-and-loop straps (38 x 5 cm) at front

## Scope of delivery

Clothing Bag, with backpack-carrying-system, without any further or pictured supplies
